

KIDNAPING ATTEMPT IS FOILED

Our Town

By J. B. White

A call for an American-made buggy in good condition and at least 100 years old has been made by the Smithsonian Institution at Washington. It is to be placed in the museum with the exhibit of transportation vehicles, ancient and modern, and preserved forever.

This will bring back to the older Cameron citizens memories of the horse-and-buggy days, when travel was slow, yet when people took as much pride and satisfaction in the ownership of a fine horse and rig as people now get from ownership of autos. A buggy with red spokes and rubber tires, drawn by a sleek horse, was once the envy of a neighborhood. Forty years ago some of the biggest factories in the country were devoted to the manufacture of buggies and thousands of mechanics were given employment. Today there are few plants engaged in buggy making, while some of the former ones have been converted into automobile factories.

Trades and customs of the old days have gone the way of the world, but the memory of them still lingers with people who were impressed more and more by the changes of time. This is a new generation and it gets its travel enjoyment out of a new type of vehicle. Future generations will probably discard the automobile the same as the old buggy has been discarded. Uncle Sam knows this. That's why he wants to put a buggy in his great national museum for the future generations to gaze upon, and marvel at.

That industrial codes of fair competition afford the means for conserving the nation's natural resources was a hope held out by President Roosevelt when he signed the National Industrial Recovery Act, which has been realized. As child labor in cotton mills "went out like a flash" with the President's signature of the code for the cotton textile industry, so, after four months of concentrated effort, the purpose of the 30-year campaign to preserve the forests on 400,000,000 acres of privately owned lands was accomplished with his approval of amendments to the code for the lumber and timber products industry. Publicly owned timber is confined to about 150,000,000 acres, most of it lying within the national forests.

Conservationists assert that the program embodied in the lumber code amendment accomplishes what they have fostered since the turn of the century. It is effective June 1, 1934, and provides rigid rules for private operators in protection against fires and other destructive agencies and following logging, which shall be selective; co-operation of forest-owning groups with public authorities in extending systematic protection; methods of restocking after cutting; and sustained-yield forest management. The hearings on the amendments revealed that, despite widespread sentiment within the industry in favor of forest conservation, divergent interests were never able to agree upon details. "June 1", read a statement issued by the National Lumber Manufacturers' Association, "will be a red-letter day in American industrial history, because it will mark the beginning of sustained treatment of 400,000,000 acres of land."

In declaring that "the oil industry was the first to show the benefit of operation under a NRA code", the T. S. Hose review of petroleum conditions says: "Under Government control the industry has been able to achieve results that even the largest companies could not bring about. The big units were unable to prevent the 'racketeer' from wrecking the price structure. Now it is generally recognized that placing production under control has not only maintained a better price structure and renewed employment but also has prevented the sapping of the fields. Off on Jaunt to Resell Texas to Nation

Here's a rear view of the Texas Press "Full-House Special" as it pulled out of Dallas carrying 86 members of the Texas Press and other prominent Texans to Washington and New York on a good-will tour, the climax of which will be a banquet with President Roosevelt attending. In the picture, from left to right, are: W. H. Furlong, San Antonio; James R. Record, Fort Worth Star-Telegram; A. F. Mitchell, Corsicana; F. B. Griffin, general passenger agent Katy lines; R. A. Gaines, publisher of the Rockwall Success; Sam P. Harben, secretary of the Texas Press association; Russell Rhodes, Tyler Chamber of Commerce; H. C. Howard and Ted Ferguson, Corsicana, and Lowry Martin, publisher of the Corsicana Sun. A carload of Texas products will be presented to President and Mrs. Roosevelt. (Texas News Photos.)

LONGMIRE NAMED

Mason Longmire has been appointed by Gene Smith as Deputy City Marshal. Confirmation was had at a meeting of the City Council this morning.

The council also appointed Will Cooke, Fire Marshal. The salaries of Mr. Longmire and City Marshal Smith were fixed by the council. It was indicated all details of the controversy over the police personnel for Cameron would be determined by the next regular meeting.

MRS. MONTA J. MOORE DIES IN CALIFORNIA

Mrs. Monta J. Moore, former resident here, died Tuesday April 17th at her South Gate, California home. Funeral services were held in Los Angeles Thursday.

She was the widow of the late Monta J. Moore, former resident here. He died in 1924. Mr. Moore was one time editor of the Cameron Sentinel, later changed to Cameron Herald. He was an attorney, and brother of Geo. T. Moore and Miss Mollie Moore of Cameron.

Mrs. Moore was a civic leader and at one time lived in Houston. A more detailed account will appear next week.

Roosevelt Year Book On Display

The Roosevelt Year, a book, pictorial history of the first year of President Roosevelt, is now on display at the offices of the Cameron Herald. These books are moderately priced and give a picture history of the first year of the President.

The book is handsomely bound and approximately 10x14, and consists entirely of pictures similar to the First World War, a volume widely sold. Anyone who desires a book may see E. B. Hyer at Buckholts or call at this office.

Budweiser Beer Is Back Among Friends In Milam County

Budweiser, the famous brew of the Anheuser-Busch Company of Saint Louis, is back among old friends and is making new ones.

The Rube Johnson Distributing Company begins a three months advertising campaign in The Herald this week telling the public about the merits of Budweiser beer.

Mr. Johnson recently purchased the distributing agency for Budweiser bottled and keg beer and indications are the summer business will be large. Lovers of the famous old beverage will be glad to read again the familiar sign of good drink.

C. C. McDONALD WILL SPEAK HERE APRIL 28

C. C. McDonald, candidate for Governor, will address the voters at Cameron at 2:30 p. m. Saturday April 28 at the Court House.

The speaking date was announced by Roy Sanderford, campaign manager from the headquarters in Austin. Friends of Mr. McDonald in Cameron are making arrangements for the address.

Mr. McDonald lives in Wichita Falls and is one of the three candidates for Governor from Wichita County. He has the support of James E. Ferguson in his race for Governor.

NRS DIVORCED FROM RELIEF BOARD HERE

National Re-employment Service sponsored by the United States Department of labor has been divorced from the Relief Work offices here with a separate set up.

R. C. Moody has been placed in charge of the service which is to re-charge all men for PWA jobs and Civil Works. The Relief Offices are privileged to register for relief only.

C. E. Belk, district supervisor for NRS was in Cameron last Friday to make all arrangements. It is hoped the NRS may soon be housed in a separate building from the Relief quarters.

Men registered under NRS will be used on highway work, the railway underpass and sewer lines. All jobs thus provided must use men from the NRS rolls.

Mr. Moody said about 4000 men had been registered for jobs in the county.

O. C. NOLTE ANNOUNCES FOR COMMISSIONER

O. C. Nolte of Ben Arnold is a candidate for the office of Commissioner for Precinct No. 1, Milam County, composed of Justice Precincts No. 6 and 7, subject to the Democratic Primary election to be held Saturday, July 28, 1934.

In presenting his formal announcement for this office it will be recalled that Mr. Nolte, some weeks ago announced his intention of becoming a candidate for the place. His formal announcement at this time will be received with genuine interest by the people over the Precinct. He takes this occasion to extend thanks to the many who have tendered their support to his candidacy. To his many personal friends and supporters he is grateful and asks them to join actively in the campaign to further his candidacy.

For more than 18 years Judge Nolte has served Precinct No. 7 as Justice of the Peace and his record of service in this office is one of the outstanding among public officials who have served the county in its long history. Not only has he served well and efficiently in this office, but has played an important part in the affairs of his community and county, being called upon to render responsible service in many ways both as an official and citizen.

Having made a success of his own affairs, Mr. Nolte would bring to the administration of the office of County Commissioner a wealth of experience that would lend valuable aid to the government in meeting (See NOLTE on last page)

COUNCIL ERRED SAYS SMITH IN REFUSALS

Gene Smith, City Marshal, was refused the right to name his deputy marshal by the Council Tuesday night.

In this action the council erred, according to Smith, who cites the constitution of the city which defines the duties and sets forth the manner in which all officers are governed.

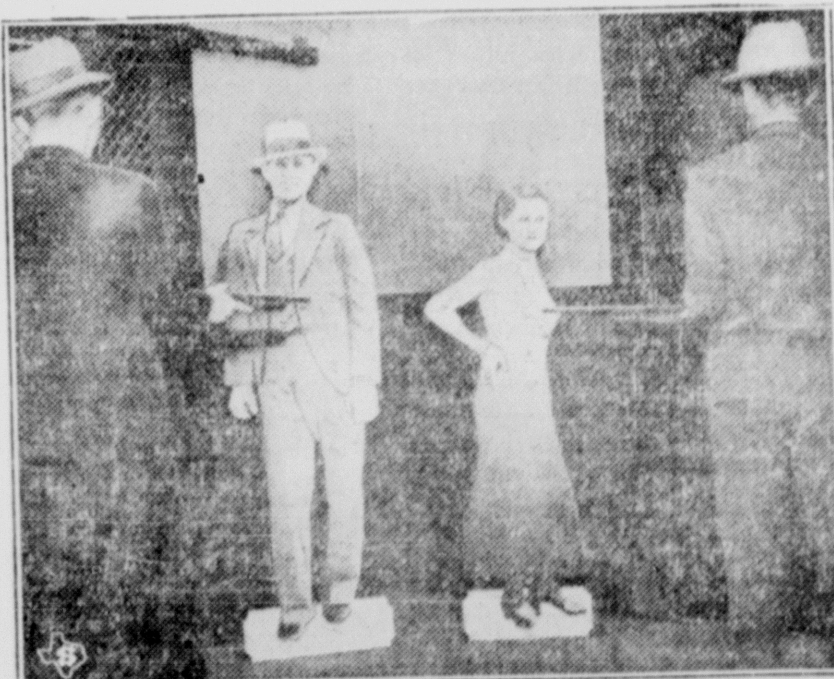

Section Seven of the codified laws of 1925 says the Marshal has the right and it shall be his privilege to name his assistant Deputy Marshal. The council may name policemen, but the deputy marshal shall be named by the Marshal.

The City Marshal is an elective office and is therefore not governed by the council in every respect, he points out. Certain duties and rights are set aside for each officer elected by the people. If the Marshal's office (See SMITH on last page)

BANKS TO CLOSE SATURDAY

Cameron Banks will be closed Saturday April 21 in observance of San Jacinto day, a legal Texas holiday. Merchants are asked to make arrangements Friday for their money to be used on Saturday. The banks will open Monday morning as usual.

Bonnie and Clyde Big As Life

Dallas police are having a full opportunity of learning by heart the actual appearance of Clyde Barrow and Bonnie Parker. Life-size placards of the notorious pair have been made from small photographs and placed on display in the offices of the Dallas police department, so that every man on the force must view them on reporting to work. The two men have the drop on Clyde and Bonnie, but the Texas desperado and his "moll" are only cardboard in this picture. (Texas News Photos.)

16 YEAR OLD GIRL ON GAUSE ROAD ESCAPES

A sixteen year old white girl, daughter of a well known Gause family, was attacked and beaten on the Gause-Milano highway Monday afternoon by an unknown man who escaped after he had made an unsuccessful attempt to force her into his auto.

When the girl resisted the man struck her and quickly tied a sash about her throat, then threw her to the roadside where she was found a few minutes later by a Rockdale resident and two traveling men.

According to Sheriff Blaylock who made a thorough and immediate attempt to get information leading to identity of the man who attempted the kidnapping, the young girl said the man ran his car alongside her as she walked down the highway. Thinking perhaps it might be a neighbor, the girl stopped. The man leaned out the car and asked if she wished to ride, and as she started to move away from the machine, the man, having opened the door, suddenly leaped out and caught her.

He became very angry when she refused to go with him. Frightened,

the girl tried to escape, but was overpowered and almost choked insensible by the sash. The man moved with incredible speed.

Sheriff Blaylock was notified and is investigating. No clue thus far has been obtained. The girl said the man was young and very strong and wore a cap. She did not get the car numbers.

She was walking along the road home. The man stopped and asked her to ride. She refused. He got out of the car and caught her and attempted to force her into the auto.

When found she was dazed from the blow but suffered no serious injury.

The Gause-Milano highway is the most traveled roadway in the county. The attack occurred in the afternoon. Sheriff Blaylock pointed out that for boldness this occurrence is typical of the recklessness of criminals.

Two suspects were held for questioning at Franklin on the day of the attack, it was said at the office of the Sheriff, but nothing was developed.

For Supreme Court

Judge McClendon was a visitor in Cameron Friday. He is a candidate for associate justice of the Supreme Court. He is now Chief Justice of the Court of Civil Appeals for the Third Judicial District. Cameron bar members are considering favorably his candidacy.

E. A. PERRIN NAMED SUPERINTENDENT HERE

E. A. Perrin of Goliad has been elected Superintendent of Cameron Schools to succeed T. A. Fisher. The selection was made here last week and a one year contract was made.

Mr. Perrin is one of the young educators of the State. He is 38 and has been in Goliad for some time, having had unusual success building the schools here. He is a property owner in Goliad.

With him when he moves to Cameron will be his wife and five children. During the past ten years in Goliad he has made an impressive record as an educator.

Mr. Perrin is a member of the Methodist church. The board here is working now on the selection of a football coach.

Coolerator Latest Refrigeration For Homes Announced

The Coolerator for ice refrigeration is announced by the Cameron Ice & Cold Storage Company.

This refrigerator, Mr. Hayden Lawrence says, accomplishes the results of electric and gas refrigeration with ice. It is so constructed that it can be iced every five days and the average cost to the family is only about 5c per day. Even temperatures are maintained whether the box is full or short of ice.

The models now in stock sell as low as \$29.45. Mr. Lawrence plans to advertise these boxes.

POSTMASTER EXAMS AT CAMERON CALLED FOR

To fill the vacancy in the position of postmaster in Cameron the United States Civil Service Commission has announced, at the request of the Postmaster General, and in accordance with an order of the President, an open competitive examination.

To be eligible for examination, an applicant must be a citizen of the United States, must reside within the delivery of this postoffice, must have so resided for at least one year next preceding the date for close of receipt of applications, must be in good physical condition, and within the prescribed age limits. Both men and women are admitted.

Under the terms of the Executive order, the Civil Service Commission will certify to the Postmaster General the names of the highest three qualified eligibles, if as many as three are qualified, from which the Postmaster General may select one for nomination by the President. Confirmation by the Senate is the final action.

Applicants will not be required to assemble in an examination room (See EXAMS on last page)

NEW OFFICERS TAKE OATH FOR TERMS

City officials were sworn in Tuesday night, taking oath for the ensuing term.

A controversy developed over the request of City Marshal Smith to have dismissed from the service Joe Richter, night policeman at Santa Fe and Will Cooke, night watchman for the main city section. The Marshal was denied the right to name his assistants.

Mayor Smith offered for re-appointment both Richter and Cooke. The council refused by a vote of 3 to 2 (See NEW OFFICERS on last page)

Swift Returns From Movie Convention

Stanley Swift, owner of the Cameron and Milam Theatres, returned to the city Wednesday from Los Angeles, where he attended the convention of motion picture exhibitors.

Mr. Swift says the producers have pledged some great pictures for this year and it was his privilege to see a number of the big productions in the making.

The exhibitors were royally entertained. Mr. Swift had the pleasure of visiting with the great stars. At a banquet he was given a seat by the side of Jean Harlow, the great platinum blond.

S. P. Lines Offer Bargain Rate To California State

This summer Southern Pacific again will offer to the public the greatest railroad bargain in history to California, according to announcement by J. T. Monroe, Passenger Traffic Manager.

The special tickets will be on sale six days only—June 16-17 and July 14-15 and August 18-19.

Upon payment of usual charges, tickets will be good in Pullman Cars of the famous "Sunset Limited," which, this summer, will be equipped with air-conditioned Diners and Lounge Cars. Those who wish to save money may ride in Tourist Sleeping Cars, as charges are approximately 50 per cent less than in standard Pullmans. Coach and Chair car accommodations are also available.

This year, however, the bargain is far more attractive, as Pullman charges are one-third less than formerly. Too, dining car meals are very low; breakfasts range in price fifty cents to ninety cents, while complete luncheons and dinners are to be had from eighty cents to one

dollar twenty-five cents.

Mr. Monroe also stated that children may go at half the adult fare, stopovers will be permitted at all points, and the return limit will be twenty one days.

Don't Get Up Nights USE BUCHU AND GIN Make This 25c Test

It is as valuable to the bladder as castor oil to the bowels. Flushes out impurities and excess acids which cause the irritation resulting in getting up nights, burning, frequent desire, leg pains and backache. On account of the alcohol in gin use juniper oil from which gin is made. Ask for Bukets, the bladder laxative also containing buchu leaves, etc. After four days, if not pleased your druggist will return your 25c. You are bound to sleep better after this flushing. Guaranteed by New Cameron Drug Company.

Charles Brady opened up a branch studio Monday, April 16th at La Grange with W. F. Adams in charge. Mr. Adams worked in Beaumont and Mobile, Alabama, for some time. The place will be known as the B. & B. Studio. Mr. Brady will remain in Cameron.

A large crowd was in attendance at the 42 party held at the K. C. Hall Friday evening, with the women of the Catholic church in charge. A door prize was given as well as prizes for highest scores for both ladies and men. At the conclusion of the games cake and ice punch were served.

WEDNESDAY BRIDGE CLUB

Spring flowers in pastel shades were chosen by Mrs. Judd Davis when she entertained the Wednesday Bridge Club. Yellow, blue, lavender and pink were chosen colors and were attractively used throughout the reception rooms.

Colorful tallies and score pads adorned game tables where a number of games were played, holding interest into the late hours of the afternoon, closing with Mrs. Ed Taylor winning in the cut for guests, receiving a hand-embroidered guest towel. For members Mrs. B. F. Bonds was awarded in the table cut.

Lady Took Cardui And Got Rid of Pain In Her Side

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had bad, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."

Cardui is sold at drug stores here.

The men and women who furnish your telephone service here could not do their job so well without the help of Western Electric Company, supply unit of the telephone service.

SKILLED WORKMEN at the Slathe and furnaces of Western Electric Company turn raw materials from the far corners of the world into the 100,000 delicate parts and appliances needed for the telephone service.

These parts are sold to the 24 operating companies of the Bell System—of which the Southwestern Company is one—at a cost that, as a proven fact, is below what they would have to pay in the competitive market.

Western Electric, the purchasing and manufacturing agent of the Bell System, is one of a specialized group of organizations that plays an important part in giving you good telephone service at a fair cost.

This policy has been chosen deliberately as the course that will in the long run prove soundest for the telephone company. We believe that in an organization planned like the telephone service for the long pull, what is best for the telephone user becomes in the end the policy that will bring us the surer, more certain success. WARNING to EXPECTANT MOTHERS

If you have ever been a patient in any hospital, you are probably familiar with the advantages of a liquid laxative.

Doctors know the value of the laxative whose dose can be measured, and whose action can thus be controlled to suit your individual need.

The public, too, is fast returning to the use of liquid laxatives. People have now learned that a properly prepared liquid laxative brings a perfect movement without discomfort at the time, or after. Dr. Caldwell's long experience with mothers and babies, and his remarkable record of nearly three thousand births without the loss of one mother or child, should give

anybody complete confidence in any prescription which he wrote!

But most important of all, a gentle liquid laxative does not cause bowel strain to the most delicate system, and this is of the utmost importance to expectant mothers and to every child.

Expectant mothers are urged to try gentle regulation of bowels with Dr. Caldwell's Syrup Pepsin. It is a delightful tasting laxative of delicious action, made of fresh herbs, pure pepsin and active senna. Not a single mineral drug; nothing to cause strain or irritate the kidneys.

Dr. Caldwell's Syrup Pepsin is an approved preparation and kept ready for use by all druggists.

CHEVROLET ANNOUNCES LOWEST PRICED SIX

Chevrolet today announced "the world's lowest price six-cylinder car" with the introduction of the new improved 1934 Standard Six models, supplementing the Master Chevrolet models previously presented.

The new standard model, a sensation of the 1934 motor market, is now on display at the Grabein Chevrolet Company.

Two closed and two open car models comprise the new improved Standard line. They are the sport roadster, \$490; phaeton, \$520; coupe, \$510 and two-door sedan, \$520. The new cars, says the Chevrolet Motor Company's announcement, thus list under any other six on the market, and \$85 to \$95 under corresponding models of the Master Chevrolets.

The new cars are replete with major improvements designed to achieve better performance, riding qualities, comfort and appearance. Both chassis and body have been completely redesigned in keeping with the latest advances in engineering and styling.

Roadability, and especially stability, have been enhanced through the adoption of a wider chassis frame and more widely spaced leaf springs front and rear, in conjunction with a longer front axle and increased tread of the front wheels. These chassis improvements have permitted the use of big, roomy bodies having maximum width and ample leg room.

In the power plant, smoothness, economy and flexibility have been improved through a thorough revision of the inlet and exhaust systems, with higher compression, and a refined valve and tappet mechanism, including a redesigned camshaft.

The new models share with the Master series such appearance features as sleek, flowing lines, deep fenders hugging the tires, long hood with horizontal louvers, and steeply inclined radiator grille. Numerous interior refinements similarly enhance the style and finish of the passenger compartments.

Chevrolet Output For March Best In Past 34 Months

Detroit, Mich., April 16—Chevrolet production during March set a new high mark for the year to date and shattered all monthly production records for the past 34 months. M. E. Coyle, president and general manager of Chevrolet Motor Company, announced today. March also established a first quarter's output unapproached in the last 4 years.

Output for the month was 110,266 cars and trucks, the third largest March output in the history of the company, and the largest March since 1929.

Production for March, Mr. Coyle said, was 285.1 per cent of the production in March, 1933. Production for the entire first quarter was 233,010 as compared with 148,336 in the

corresponding period last year.

This production record is considered particularly impressive in view of the fact that, while in 1932 and 1933 the manufacturing and assembly plants were in full operation at the turn of the new year, in 1934 not one passenger car had been assembled until early in January. Within three months starting literally from the beginning, the output has been moved up to a daily total of above 5,000 units.

Chevrolet entered April operating at capacity, with steadily increasing shipments leaving the company's nine assembly plants for dealers and immediate delivery purchasers. Orders on hand at the beginning of April, Mr. Coyle said, and the constant influx of orders to the central office sales department, indicate capacity operations for months to come.

BACA-COTTON

Announcing

a group of additional new models for the 1934
Chevrolet line •• four full-size cars •• 100% Chev-
rolet in quality and reliability, and offered at the
LOWEST PRICES ON THE MARKET
for six-cylinder cars

Right at the peak of Chevrolet popularity—with nationwide demand sending production to new all-time "highs"—comes the second big announcement of the year from Chevrolet: Four additional models join the Chevrolet line! New cars that America has never seen before. Identical in quality with all 1934 Chevrolets. And the prices have been set at such low figures that you can now buy a Chevrolet for \$490!

"A Chevrolet for \$490!" That's the world's lowest price for a six-cylinder car. And a price that sounds even more impressive after you find out what it buys: A great big,

full-size, long-wheelbase car, 169 inches from bumper to bumper. A beautifully streamlined automobile, styled like all 1934 Chevrolets. A cushion-balanced SIX of surprising smoothness, power, snap and dash. The most economical full-size car that money can buy—a record-breaker for gas and oil mileage, as well as long, dependable service. And every closed model in this newest group of Chevrolets has a Body by Fisher, with Fisher No Draft Ventilation. Nobody interested in motor cars can afford to let another day slip by, without seeing this "Chevrolet for \$490."

FORD CAR DEMANDS SPEED PRODUCTION

Spurred by insistent demands for new cars and trucks from branches and dealers, capacity production of Ford cars and trucks has been scheduled for April, it was said Wednesday at Hefley-Stedman Motor Co.

The month's production is expected to materially exceed 90,000 and may reach 10,000 units.

The demand for new cars and trucks, it was stated, has become especially heavy in all parts of the country during the last few days since the announcement that Ford would not increase factory list prices, in common with the prevailing trend in the industry.

Retail deliveries during the last ten days of March reached the highest total since May, 1931, and the total for March was greater than every month in 1933, and for all the months of 1932 except June, it was stated. The total of retail deliveries during the last ten days of the month was almost equal to the total for the first twenty days of the month, indicating an increased volume of retail sales as the month progressed.

The advent of the automobile code has focused attention on the investment phase of automobile buying.

According to automobile dealers, the relatively fixed trade-in value under the code, (higher on the average than it was last year) has caused prospective new car buyers to be more concerned with the future resale value of the car than in former years.

As E. H. Stolz, manager of the Houston plant of the Ford Motor Company, points out, "the new car buyers today realize that when they purchase an automobile, he is doing more than buying transportation—he is making an investment."

"First of all," says Mr. Stolz, "he is putting his money into one of the most negotiable and saleable articles that money can buy. If it should be necessary to sell the car later to obtain cash he can do so in a few hours because everyone wants an automobile."

"And second but of perhaps primary importance is how much of the original value he can realize on it when he turns the car in. Smart automobile buyers today have an eye to the future in selecting an automobile and the majority are concerned with how the passing of time will affect the trade-in values of the various makes of cars in mind."

Prothro Deer Signs With Beeville Club Southwest League

Prothro Deer, son of Mr. and Mrs. Sam Deer of Cameron, has signed with the Beeville Club in the Southwest Texas League.

In a recent issue of the Beeville Bee-Picayune, mention is made of the young recruit to the club. Club comments say Deer is not as effective with the bat as expected but his fielding is standing the fans on their heads. In a recent game he handled six chances at first without a bobble. Deer has all along had trouble with his batting.

Friends in Cameron will be glad to know he has made good. Pepper Young is playing with Kennedy in the same league and both are Cameron boys.

Norge Dealer Shows New Refrigerators

The Cameron Furniture Company, dealers for Norge, rollator electric refrigerators, has on display a new 1934 model and has already disposed of a number of new ones.

James L. Coleman said he looked about for several months and finally selected the Norge because he believes it offers the best and most economical electric refrigeration in the world.

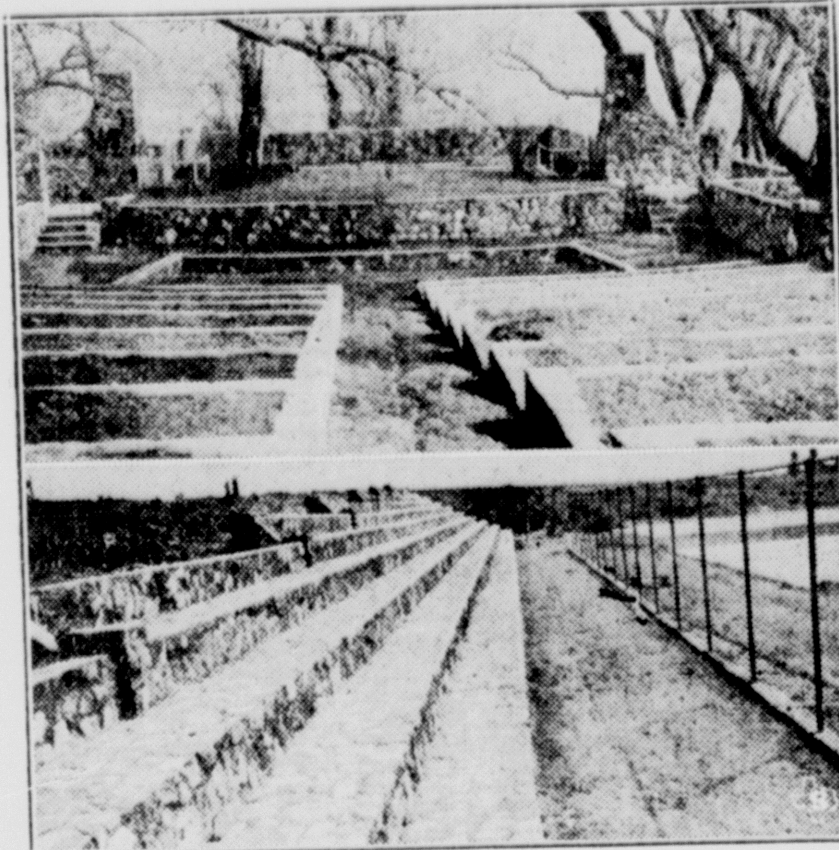

In the factory, it was pointed out, one of the freezing units has been in operation for 12 years without repairs.

These new Norge boxes are made in every size and are priced moderately, in fact, represent the lowest prices in the history of electric refrigeration for the home.

RECREATION CLUBS AIDED IN FALLS CO

A Home Demonstration Recreational School was held Saturday April 14 at Lott from 10 a. m. until 4:30 p. m. under direction of Miss Bertha Fae Strange, Milam county Home Demonstration Agent.

The purpose of the meeting was to train leaders in providing entertainment for the rural people of Falls county. Miss Strange and her co-workers have been so successful they were called to aid neighbors in Falls county. Twenty-two delegates attended from Milam county from the Corinth, Curry, Ad Hall, Bethlehem and Jones Prairie Clubs.

Lunch was served by the Falls county clubs and music by the Lott string orchestra.

Mrs. L. L. Bradley, Milam county recreational director, conducted the school, assisted by Mrs. Sam Brewer of Curry and Dewitt Kornegay of Bethlehem.

Special courses were conducted on rural dramatics, songs and folk games.

Margaret Fisher To Compete In State Speaking Meet

At the Interscholastic Regional meet held at Huntsville Saturday, April 14, Miss Margaret Fisher, daughter of Supt. and Mrs. T. A. Fisher, of Cameron, won first place in extemporaneous speaking for Senior High School girls.

Miss Fisher having won in the county meet, in extemporaneous speaking, went to the district meet held at Bryan and won first place, entitling her to enter the Regional meet at Huntsville, which was held on the 14th. She will enter the State University meet to be held in Austin May 3, 4 and 5.

Miss Fisher is an outstanding student n Yoe High School, and has made best grades since entering grammar school. She was coached by her teacher, Mrs. John Cecil Culpepper, and was accompanied by her to the different meets. While in Huntsville, were guests of Mrs. Lewis Ball, who before her marriage was Miss Hattie Greer, and reared in Cameron.

He was born in Lexington and later moved to Marlin where he lived 12 years, coming to Cameron to enter the Yoe High school and made his home with his sister, Mrs. Jim Childers, a teacher here.

Members of the Tech football squad acted as pall bearers and the Coach delivered the funeral oration.

He is survived by his parents, Mr. and Mrs. J. A. Hitchcock of Lexington; three brothers, Hubert, Canada; Ots Houston; Hal of Texas-Tech College; four sisters, Mrs. Evelyn Copeland, Oklahoma; Mrs. Jim Childers, Cameron; Mrs. Clarice Meeks, Mrs. Elsie Hardy, Houston.

Sheriff Captures Wild Bass Fiddle

Sheriff Blaylock took into custody in Austin Wednesday of last week a bull violin along with a white man charged with theft by bailee. The man had borrowed the fiddle from Hunt Westerman at Sharpe about a month ago and had sold it to a Mexican barber in Austin.

WOULD CHANGE NAME OF COMMERCIAL CLUB

A change in the name of the Commercial Club to the Chamber of Commerce, will be sought by directors.

Monday night Secretary Paden was instructed to write the Secretary of State to ascertain the status of the charter. At one time the name was changed but it is believed the change has not been approved in Austin. A committee was named to report back.

Austin Chamber of Commerce officials who spoke to the members have been given a letter of appreciation from the Club in a letter from Mr. Paden.

Entrance fee of the Cameron Municipal Band has been paid by the club for the contest at Mexia.

The club will ask the City Council for use of the old state bank building as a meeting place. The last Monday night in each month has been set aside for membership as citizens night to take up any matters desired to be submitted.

MARLOW 8, TRACY 4

Sunday April 15, 1934, Bill Worcester's home run and Dick Holly's triple blazed two Tracy twirlers from the mound and gave Marlow an 8 to 4 victory. Holly lead their bat attack with three hits out of four times to bat. Lee McLerran hit two doubles and knocked a smany runs.

Carmichael received great support and Tracy failed to get more than one hit in an inning. Jack Hobson was wild but threatens to get in form later in the season.

For Tracy, Byrd and Burken pitched good ball but were not able to stop their opponents in the pinches. Bartlett of Tracy made a sensational catch of Haygood's Texas leaguer to help stop a Marlow rally.

Marlow is a member of the South Milam League, their first game being with Tracy. They have a great ball club and are bound to end some-up in the first division if not on the very top itself.

Karl Deane, One Time Big Screen Star, Dead; Body Is Unclaimed

HOLLYWOOD, April 16.—The body of Karl Dane, 47, one of the silent screen's outstanding comedians, who found refuge from bitter disappointment in suicide, lay in the county morgue today, unclaimed.

The actor, who skyrocketed to fame in "The Big Parade," and later was starred, shot himself to death in a modest apartment last night. He was penniless at his death, and had been living off the bounty of friends although his salary was at one time reported to have been \$1,500 weekly.

Dane lapsed into obscurity with passing of the silent picture. His voice was unsuitable for talking pictures, producers said. For awhile, the actor returned to his former profession of automobile mechanic, and later operated a hamburger stand.

Dane apparently had spent his last hours in re-living the days when he was one of Hollywood's best known actors, and his services were in demand by the major studios. On a table near where the body was found lay his huge scrap book, containing photographs, press notices and contracts.

Among the pictures in which he had taken part were "Baby Mine," "Circus Rookies," "Trail of '98," "Rookies," "China Bound," "The Duke Steps Out" and "Voice of the Storm."

His most famous role was that of "Slim," the gangling, tobacco-chewing character of the "Big Parade."

Spanish War Vets To Get Checks On Pension Salaries

WASHINGTON.—Frank T. Hines, administrator of the veterans affairs tonight made public plans to pay out \$37,427,000 to 179,000 veterans of the Spanish War, the Boxer rebellion and the Philippine insurrection under provisions of the independent offices appropriation act.

The administrator announced that 57,000 veterans of those conflicts would be restored to the pension rolls and that 122,000 would receive compensation increases so that they will get 75 per cent of what they were receiving at the passage of the economy act in March 1933.

Hines said that by April 30 the 57,000 who were cut off the rolls last year will have been restored to the lists. He added that because of the detailed work involved the 122,000 who will receive increases might not get them before May 30.

J. W. Bass and wife of Austin, were business visitors to Cameron Monday. Mrs. Bass formerly lived in Cameron.

Mrs. Loula Clinton and Mrs. W. B. Levy spent the week end in Houston.

FARMERS WARNED NOT TO VIOLATE CONTRACT

Cotton acreage reduction agreements or contracts for 1934 and 1935 must be strictly complied with in order not to delay payments or cancellation.

Under no circumstances can any crop grown for sale directly or indirectly upon the land rented to the government. The producer should not expect to use it for producing any product for sale and more than the would on land rented to a neighbor.

Feed crop intended to be grown on other land for the feeding of livestock cannot be diverted to land taken out of production thereby releasing acreage for the production of some other crops for sale.

The producer shall not grow cotton during 1934 and 1935 on land owned, operated or controlled by him unless such land is covered by a 1934 and 1935 cotton acreage reduction contract.

Not included in the rented acres waste, gullied, or eroded land. The rented acres shall be tillable land suited to the growing of cotton and shall represent in productivity a fair acreage of cotton land on the farm.

The boundaries of the land taken out of production shall be marked by the producer with stakes or other appropriate markers.

Each farm will be inspected and measured, to see that the required cotton acreage reduction actually is made and that other terms of the contract are complied with. Inspection and measurements are necessary before the second payment for 1934 or 1935 can be certified.

As it is now planting time would suggest to all farmers who are co-operating with the Government in the cotton acreage reduction, to measure the rented acres and stake with posts or other appropriate markers, the boundaries of the land, keep the measurements and figures until the committeemen come to inspect or approve the rented acres in July. Plant the rented acres so marked in food and feed crops for home consumption or for pasture, for soil-improving crops, erosion-preventing crops, or fallowing.

The producer must remember that he is only allowed to grow 55, 60 or 65 per cent of the acres on his farm during the base period. The base period is that series of crop years 1928 to 1932. Each producer knows what per cent he rented to the government of his five year base period. Therefore producers must be careful and not plant more acres in cotton on their farms than the contract calls for. It is possible that the planted cotton acres will be

measured in order to fully comply with the contract.

The terms "soil-improving crops" and "erosion-preventing crops" mean such crops as cowpeas, field peas, clover, vetch, lespedza, etc., used to cover ground and which are to be plowed under for the purpose of improving and maintaining fertility. Such crops may not be pastured or otherwise harvested.

The term "food crops" means such crops as grains, forage, hay, etc.; which can be used by the producer for the production of such livestock or livestock products as will be used or consumed on the farm. Under no circumstances can such crops or the livestock and livestock products produced therefrom be sold or exchanged.

The term "fallowing" means that the ground may be permitted to lie unplanted or uncultivated, except that noxious weeds shall be destroyed before their seed matures.

Without prejudice to or limitation of any other right or remedy of the Secretary, if rented acres are used contrary to the terms of the 1934 and 1935 cotton acreage reduction contract or of these rulings, the Secretary may, through any agency designated by him, take such action as he may see fit to control the use of such acres, the cultivation thereof, and the disposition of crops thereon, in order to effectuate the purpose and intent of the contract. Any expense incurred under the terms of this ruling in the cultivation or disposition of crops on the rented acres shall be deducted from any sums which may be due or become due to the producer under the terms of the contract.

Feed crops cannot be moved to another farm unless the mover is the owner of warm on which this feed was grown and has livestock to feed.

AD HALL CLUB

There was a most interesting demonstration on yeast bread and cake given by Miss Bertha Fae Strange to the Ad Hall Demonstration Club at the home of Mrs. Joe Hamble April 13. We were shown how to take Swedish sweet dough and make a number of rolls such as nut and raisin, Dutch apple cake, poppy roll, lady fingers and jelly roll. She took a No. 2 can, cut out the dough, then took a No. 1 can and cut another one, then cut a hole in the middle of that one and put pecans real thick and sprinkled with nutmeg, then put on the small piece of dough and pinched around the edge and put a cherry in the center and set to rise. She did not have a name for this.

Thirteen members were present; one new member added. 22 visitors as follows: Mesdames Hubert Schufeldt, Luther Carlton, Ramon Marak, Joe Walzel, Milton Rogers, Davis, Wilborn Miles, Leo Lanke, Cameron; R. A. Duncum, North Elm; W. Carlton, Walter Powell, Amalie Bauch, Bryant Station, Emma Horstmann, Raymond Hamble; Misses Florene Harris, Mary Carlton, Lois Powell; and the hostess, Mrs. Joe Hamble.

Some of the visitors said call it Ad Hall Bun Varieties of Parker House Rolls, Glove Leaf Rolls, Finger Rolls, Cheese Rolls and Pocket Book Rolls and many others.

Recipe for Swedish sweet dough: 1 pint scalded milk, 2 cups 1-2 cup butter, 1-2 cup sugar, 6 cups flour, 1 yeast cake, 2 eggs, 1-2 teaspoon nutmeg, 1 1-2 table salt.

Variations for Swedish sweet dough: 1. Cinnamon rolls. 2. Nut and raisin bread. 3. Butter fingers. 4. Jelly rolls. 5. Pecan rolls. 6. Dutch apple cake. 7. Coconut Buns.

Our next meeting will be at the home of Mrs. W. A. Alston April 27.

BUCKHOLTS BRIDE HONORED WITH SHOWER

Mrs. Leo Fuchs honored Mrs. Frank Moeller, a bride of April 7th, with a surprise shower on Wednesday afternoon, April 11 from 2 to 5 p. m. Mrs. Moeller is better known as Miss Viola Maas.

The Fuchs home was tastefully decorated with queens wreath and pink verbenas. Potted plants were also used at vantage points further carrying out the color scheme of pink and white. Guests assembled at about 2:30 p. m., while the bride with her mother-in-law did not arrive until later. The two had been simply invited to make a little social call during the afternoon, and the bride was greatly surprised when she was invited into the living room and found it filled with relatives and friends.

The guests were asked to register in the bride book. Mrs. Paul Czerkus accompanied at the piano by Mrs. Leo Fuchs, then rendered a vocal selection. Miss Florine Fuchs felt that the bride should also be given a bit of advice to guide her through future years so she expressed her belief by reading a clever article entitled "To Husband and Wife." Other guests were also permitted to give advice on paper written in one short sentence. The paper was presented to the bride who read aloud all the advice which was offered her. Everyone was then provided with a pencil and paper on which were questions pertaining to the courtship, marriage, etc. of the bride. These questions were cleverly answered with songs played on the piano by Mrs. Fuchs. Mrs. Paul Czerkus proved to be the winner of the contest by answering all the ques-

tions correctly. She was awarded a peering knife which in turn she presented to the bride. During the afternoon the guests also contributed recipes to a cook book for the bride. Mrs. L. H. Fuchs' recipe was selected as the best and she received a can opener for her efforts, which she also presented to the honoree.

The hostess, assisted by Mrs. Walter Fuchs, served a delicious plate lunch consisting of cake, sandwich and grape juice. Plate favors were tiny heaps of rice in white net tied with pink ribbon. The bride was unexpectedly surprised with a shower of rice following the lunch.

The bride was then asked to go on a treasure hunt and for fear that she might get lonesome on this hunt, she was given a gay little doll who had a string tied to one of her arms, to accompany her. She was instructed to find the other end of the string and this task led her through various rooms in the house and finally led her to a closed door. On opening the door she found a dummy bride standing in one corner of the room bearing a placard "Viola, Bride of 1934." Many packages lay at her feet. The honoree opened them and in her usual sweet manner, expressed her appreciation for the many useful gifts.

Those present for the delightful occasion were: Mesdames Frank Haas, Henry Moeller, L. H. Schiller, R. P. Lehmann, L. H. A. Fuchs, Edwin Fischer, Alex Groppe, Archibald Hertel, Frank Kohut, Ed Kolba, Joe Raska, Walter Fuchs, Paul Czerkus, Robert Baca, Leo Fuchs; Misses Florence Haas, Ardy Fuchs, Louise Pick, Florine Fuchs, Elvira Schiller, Erna Fuchs, Lorene Galler, Laura Fuchs, Martha Galler and the honoree.

"I have used Theodor's Black-Draught for constipation for a long time, and find it gives relief for this trouble," writes Mrs. Frank Champion, of Wynne, Ark. "I think it is good for spells caused from gas on the stomach. If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."

Option Contracts Expire May First Unless Extended

Notices published recently that farmers will have to sell their optioned cotton or secure an extension of time before May 1st, applies to the farmers who remained out of the cotton optional pool. There are only a few farmers in Milam county to whom this will apply, out of the 2,500 farmers who signed cotton reduction contracts in 1933.

We are of the opinion that such cotton will be sold soon after May 1, at the market price, if the extension is not requested, although we have not been advised about this matter. It will not be necessary for farmers who entered the option pool to communicate with the government on May 1st.

According to the terms of the cotton option contract, the option expires unless it is received for execution before May 1st, 1934, or unless a formal request is made for extension. This formal request must be made on a form provided by the Agricultural Adjustment Administration (Form C-5-B) which has been furnished each option holder, and which specifies the conditions under which the option may be extended.

If an extension is obtained by the option holder, it is provided that the purchase price of 6 cents per pound is to be increased at the rate of 40c per bale per month or part of a month the contract is carried after May 1st, 1934. This is to cover the carrying charges on this cotton.

U. recently elected the following officers: President, Robert Murff; Vice President, Leola Dodson; Secretary, Margaret Rogers; Bible Readers Leader, Lanier Schulz; Group Captains, Raymond Little and Audrey Luce.

Friends of the family of Rev. and

Mrs. E. S. Hutcherson, formerly pastor at Cameron, now of Houston, sympathize with them in the death of their little daughter, Rose Margaret, which occurred on April 9.

Mrs. Carl Hensel returned from the Cameron Hospital and is improving.

Recovery Restores Pay Cuts To Post Office Employees

WASHINGTON.—Postmaster General Farley said today increased postal revenue had made it possible to discontinue payless furloughs for postal employees after May 1 and restore normal delivery service.

"Improved business conditions throughout the country," he said, "have resulted in such a substantial increase in postal revenues during the months of February and March and offer such prospects of continued increases that I feel justified in revoking my previous order (of March 2), providing for payless furloughs and curtailment of service during the remainder of the fiscal year, ending June 30.

"Not only will further payless furloughs be eliminated, but beginning May 1 there will be a restoration of service. Deliveries in residential districts of cities will be increased from one to two daily; in business districts from three to four daily, and mixed business and residential districts from two to three daily.

"Longer hours for window service will be restored. Distribution crews in large postoffices will be increased and additional allowances for sub-

stitutes will be provided. The restoration of service will provide additional employment for substitutes.

Farley added that the increase in the volume of mail was regarded as an accurate barometer of improved business conditions throughout the country.

The McCormick-Deering 2-Row Cultivator

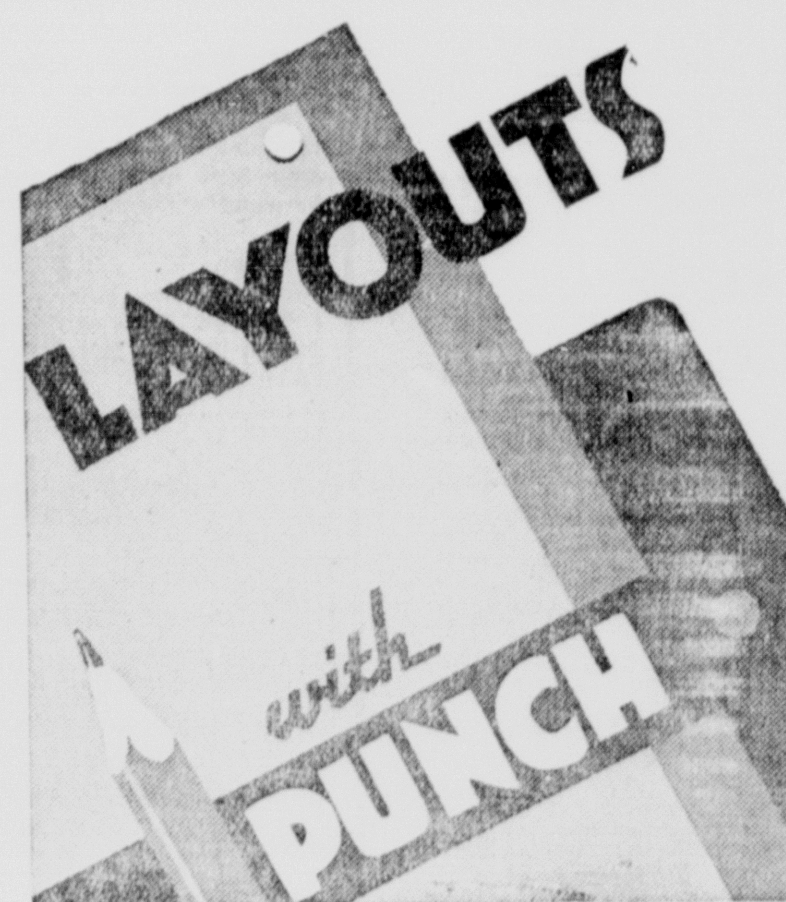

.. reduces cultivating costs
by one-half

WHETHER you do the cultivating yourself, or hire a man—the time spent at the job means dollars, for other profitable work is waiting. This McCormick-Deering cultivates two rows at one operation, reducing time and labor costs by one-half. This is the implement you need if you want to do your cultivating in a hurry between rains.

This fine McCormick-Deering is also an easy implement to operate. You can dodge hills or stalks as easily as with a single-row cultivator because the gangs shift in pairs. At the ends of rows you can swing around quickly, for the gangs also lift in pairs.

We have this cultivator on display at our store now. Why not come in and see it? And remember that our line also includes McCormick-Deering 1-row cultivators and 2- and 4-row Farmall cultivators.

Why
is the swing to
GAS
refrigeration?

Because:

The GAS Refrigerator operates for 25c a week, or less—an operating cost much less than any other system of refrigeration. A saving that goes on day after day—year after year!

Because:

The GAS Refrigerator operates without motors or complicated machinery. A tiny gas flame circulates a simple sealed-in refrigerant. Ordinary air from your kitchen cools it. That's all!

Because:

The GAS Refrigerator is the most scientifically advanced. The absence of moving parts means freedom from expensive repairs. It is the simplest freezing method next to nature itself!

Because:

The GAS Refrigerator operates in absolute and permanent silence. It has no moving parts to make noise or become inefficient and cause vibration.

Because:

The GAS Refrigerator is the only system with a constant operation. There's no starting and stopping. Hence, a constant, uniform cold below 50 degrees is maintained regardless of any sudden rises in room temperature.

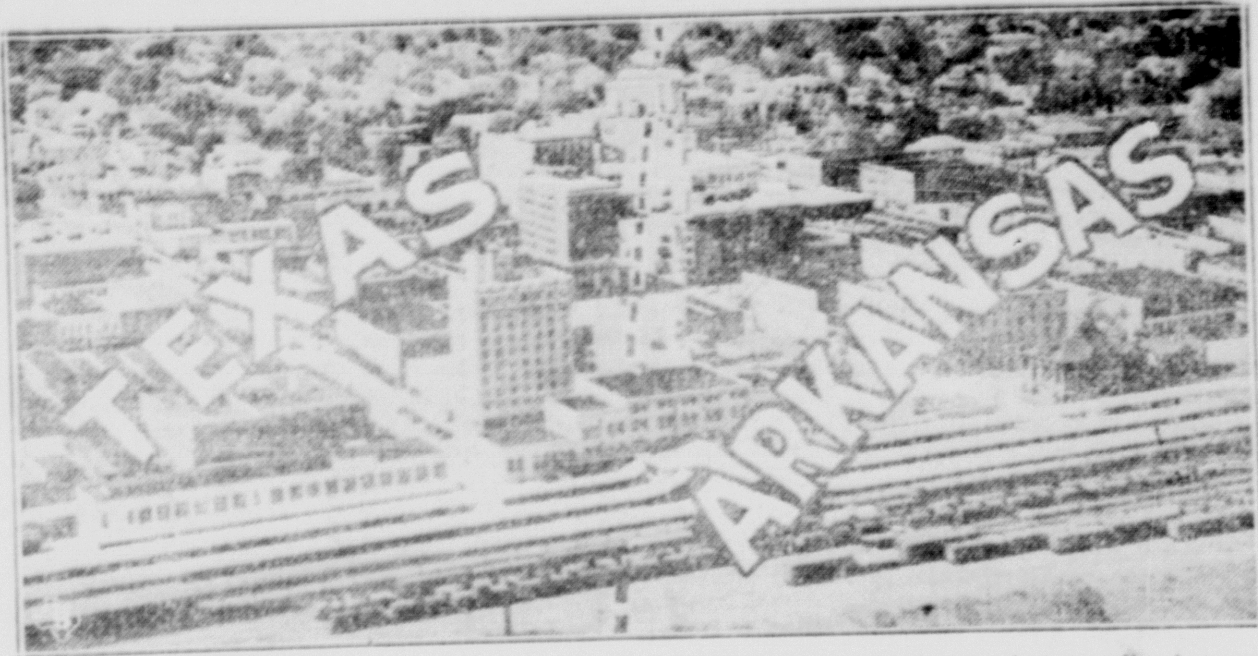

Because:

The GAS Refrigerator has been subjected to severe tests under all sorts of conditions by the American Gas Association, Good House-keeping Institute and your own gas company. These and the experiences of owners prove that the GAS Refrigerator will give you more years of care-free, dependable refrigeration at much less cost!

State Line City Host to East Texas Convention

This unusual photo shows exactly how the city of Texarkana is divided by the state line between Texas and Arkansas. Texarkana, Texas, will be the host city when the East Texas Chamber of Commerce annual convention begins April 22, but Texarkana, Arkansas, will not stand back in entertaining the Texas folks. The street down which the line runs is State Line avenue, and the building in the center of the street is the now-famous Federal building cut in two by a solid wall, half the building serving Texas, half Arkansas. In the foreground, the union station straddles the line. In the residential section, people living on the west side of State Line avenue live in Texas, while their neighbors across the street live in Arkansas. (Texas News Photos.)

NOLTE

(Continued from page 1)

and solving the problems incident to its administration. His many friends point out that men of his type and experience are needed in places of this importance. The office of County Commissioner is one of the most important in any phase of the government service in the county. A commissioner must necessarily be a business man who understands problems incident to the expenditure of funds and he must possess experience both as to the duties imposed by the office and to deal with all phases of county government. In these essential qualifications, friends point out, he offers the tax payers an admirable choice in selecting an official for this place of unusual responsibility.

Mr. Nolte would come to the service of this Commissioner Precinct well equipped and he would consider at all times his first duty to administer its affairs to a uniform advantage to all the people and all tax payers. He would in no sense be a sectional representative of the people but go as far as lies within his powers to take the benefits of road funds and all expenditures to every part of the Precinct. He believes that no tax payer should be denied the benefits of the money he is required to pay in taxes to the government, and possessing exceptional qualifications he would be able to give a most

comprehensive and just service to all.

Mr. Nolte is an outstanding advocate of equal and just taxation and in so far as would lie in his power he would consider it his duty to see that no injustice is done any tax payer. Of especial importance, his friends point out, is his belief that a Commissioner aside from having to know the business of his own precinct, must necessarily know that beyond this service he must know the requirements of the county government as a whole. Many problems arise that do not affect primarily the Commissioner Precincts. He would bring to the county government a spirit of understanding and co-operation so necessary to achieve successful administration to all of its affairs. The Commissioners Court, composed of the Commissioners and the County Judge, is the business agency of the county. As such he would pledge his experience and his active interest to see that at all times proper and adequate solution would be had in every transaction.

Commensurate with the proper administration of every phase of the county government, is the duty of every official, charged with the responsibility, to at all times safeguard the public funds. He would enter this office pledged to throw about the funds belonging to the people not only every safeguard required by law, but any additional security he might deem necessary to the end that at no time during his service would occasion arise where losses would be sustained by the people in their funds.

He is an outstanding Democrat and has always supported the nominees of the party both state and national, and has given freely of his time and energies at all times to further the success of the Party which holds his political faith. Both as a business man, a farmer and a Democrat, he submits his candidacy to the people of the precinct and asks the support of all the people, pledging them in advance a loyal and intelligent service as their Commissioner.

Mr. Nolte plans to make an active canvass and talk with the voters in every part of the Precinct about his candidacy. Anything his friends and supporters may do in his behalf will be greatly appreciated.

for scholastic tests, but will be rated on their education and business experience and fitness. The Civil Service Commission will make inquiry among representative local business and professional men and women concerning the experience, ability and character of each applicant, and the evidence thus secured will be considered in determining the ratings to be assigned to the applicants.

The Commission states that presidential postmasters are not in the classified civil service and that its duties in connection with appointments to such positions are to hold examinations and to certify the results to the Postmaster General. The Commission is not interested in the political, religious, or fraternal affiliations of any applicant.

Full information and application blanks may be obtained from the secretary of the local board of civil service examiners at the post office in this city, or from the United States Civil Service Commission, Washington, D. C.

were appointive, the council would have the right to name all of his subordinates. On the contrary, the council cannot deny the right of the marshal to name his assistant. He cannot name but one, but he has the right to do that, it was pointed out. It was said Thursday the council might be convened soon to get the matter properly handled. Marshal Smith protests the re-appointment of Joe Richter and has offered a substitute for Will Cooke, night watchman.

Mr. Smith said that if the council refused him what the law says is his right, he will have no alternative save to place the matter before the people who elected him and to whom he is responsible. He says he cannot work day and night and must have a man to assist him. If the council refuses to allow pay for the man he will ask the merchants to assist him.

2 to re-appoint Cooke, but by a vote of 3 to 2 remained Richter, who presented a petition from the business men in Santa Fe Town.

Aldermen Bob Terry and Fred Jackson voted to sustain the Marshal. Aldermen Leland Green, Sam McDermott and B. Slocumb voted for the Mayor's appointments. A deflection was noted when the matter of Cooke's appointment came up. Alderman McDermott got up to nominate George Richards for night watchman. Mayor Smith contended it was his right to submit appointments.

As the matter now stands Will Cooke has been denied re-appointment. Marshal Smith cites the City ordinances No. 7 which gives him the right to name a Deputy.

CCC Youths Battle Fire Threatening Camp

A half a day's battle and this fire, which destroyed 1,500 creosoted telephone poles and threatened to lay waste to the Neches CCC Camp in Houston county, Texas, was put under control by the tree army boys who thought nothing of risking their necks to save their camp. In the picture, youths are hauling away a large tree they have just cut from the path of the blaze. In the background is shown a State Forestry Service garage full of gasoline and other inflammable material. (Texas News Photos.)

Layman's Day Sunday
At Baptist Church

At both services next Sunday we are going to pay heed to the laymen. At the morning service a group will signally pin a flower on the layman as he enters. The Quartette of laymen will sing. A layman will give special music on the piano. A layman will read the report of the Laymen's activities in our state. A proper sermon will honor the occasion, the subject being "The Laymen in the Limelight." All the laymen will be asked to sit in a specially reserved section.

The evening service will witness the "Layman in the Making." Some of our promising young boys will participate in the service. We are asking Wayland Kidd to read the Scriptures—Joe Casey, Earl Moseley, David Burns, Billy Ables and Jimmy Baskin to stand with the ushers and take the evening offering. Frank Newton will lead in the offertory prayer. The subject for the evening sermon will be "Boys Will Be Boys."
